*Sent via Electronic Submission on February 11, 2015*

Dear FOIA Officer:

Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I hereby submit this letter to amend Food & Water Watch ("FWW") previous FOIA request, EPA-HQ-2015-001198.

The request sought the following information:

1. All agency records including meeting notes, meeting schedules, email correspondence, and all other correspondence, from January 1, 2009 to present, relating to the EPA's proposed emission guidelines for states to follow in developing plans to reduce greenhouse gas emissions from existing fossil fuel-fired power plants, known as the Carbon Pollution Emission Guidelines for Existing Stationary Sources: Electric Utility Generating Units (also known as the Clean Power Plan). *See* 70 Fed. Reg. 34,830 (June 18, 2014).
2. All agency records including meeting notes, meeting schedules, email correspondence, and all other correspondence from January 1, 2009 to present with the organization Environmental Defense Fund and any other environmental non-profit organizations relating to the proposed emission guidelines also known as the Clean Power Plan.
3. All agency records including meeting notes, meeting schedules, email correspondence, and all other correspondence from January 1, 2009 to present with any environmental non-profit organizations relating to the proposed emission guidelines also known as the Clean Power Plan regarding methane emissions.
4. All agency records including meeting notes, meeting schedules, email correspondence, and all other correspondence from January 1, 2009 to present with any environmental non-profit organizations relating to the proposed 1,179 mile crude oil pipeline from Alberta, Canada to Steele City, Nebraska, commonly known as the Keystone XL pipeline project.<sup>1</sup>
5. All agency records including meeting notes, meeting schedules, email correspondence, and all other correspondence from January 1, 2013 to present relating to the protest or march in New York City on September 21, 2014, relating to climate change (commonly known as the People's Climate March).<sup>2</sup>

<sup>1</sup> TransCanada, *Keystone XL Pipeline*, <http://www.keystone-xl.com> (last visited Nov. 3, 2014).

<sup>2</sup> People's Climate March, <http://www.peoplesclimate.org> (last visited Nov. 3, 2014).

This letter amends the first three numbered item (1-3) in order for EPA's Office of Air and Radiation to conduct its search, so that the organization now seeks the following two items, instead:

1) All agency records including meeting notes, meeting schedules, email correspondence, and all other correspondences, from January 1, 2009 to March 24, 2011 (inclusive) relating to the EPA's proposed emission guidelines for states to follow in developing plans to reduce greenhouse gas emissions from existing fossil fuel-fired power plants, known as the Carbon Pollution Emission Guidelines for Existing Stationary Sources: Electric Utility Generating Units (also known as the Clean Power Plan). *See* 70 Fed. Reg. 34,830 (June 18, 2014).

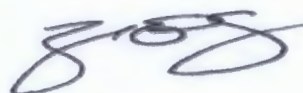

2) All agency records including meeting notes, meeting schedules, email correspondence, and all other correspondence from January 1, 2009 to present with representatives of the Environmental Defense Fund and the Natural Resources Defense Counsel relating to the EPA's proposed emission guidelines for states to follow in developing plans to reduce greenhouse gas emissions from existing fossil fuel-fired power plants, known as the Carbon Pollution Emission Guidelines for Existing Stationary Sources: Electric Utility Generating Units (also known as the Clean Power Plan). *See* 70 Fed. Reg. 34,830 (June 18, 2014).

I am requesting these records as a representative of Food & Water Watch, a non-profit consumer advocacy organization. I request a waiver of fees because my interest in the records is not primarily commercial, and disclosure of the information will contribute significantly to public understanding of the operations and activities of the government.

I will expect a response within 20 working days as provided by law. If my request is denied in whole or in part, I expect a detailed justification for withholding the records. I also request any segregable portions that are not exempt to be disclosed.

Thank you for your prompt attention to this matter. Please contact me at (202) 683-2451 or [zcorrigan@fwwatch.org](mailto:zcorrigan@fwwatch.org) should you have any questions.

Sincerely,

Zachary B. Corrigan  
Senior Staff Attorney
